

From Digital Cameras, MP3 players to PDAs, data is increasingly being stored on memory cards. Unfortunately, with so many different types of memory cards, accessing them can quickly turn into a mess of wires and gadgets. The Vantec 58-in-1 Internal Card Reader/Writer is a convenient way to share and exchange files stored in your memory cards with one simple device. Simply insert the memory card(s) you want to access, copy your data, remove the card(s), and you are done! Furthermore, the built-in USB 2.0 port also comes in handy for connecting additional USB devices. Easily install it to any 3.5" or 5.25" drive bay, the Vantec 58-In-1 Internal Card Reader / Writer is the only device you will need for accessing memory cards on your computer!

5.25" Mounting Bracket Included!
